Michael Wakefield : Emotional Intelligence: The Comprehensive Guide to Increasing Your EQ before purchasing it in order to gage whether or not it would be worth my time, and all praised Emotional Intelligence: The Comprehensive Guide to Increasing Your EQ:

1 of 1 people found the following review helpful. Great for promoting empathy!By M. J. C. K.This book describes what emotional intelligence, how and why we use, its function in our daily lives, and and provides a strong argument as to why one should care about emotional intelligence. All in all, it is an argument for furthering empathy, but best of all it describes how to promote the development of emotional intelligence in children and in adults. As a therapist I see many people who come in with difficulties relating to people due to a deficit in these skills.I would recommend this book as a handout to clients to promote psycho-education, to teachers, parents, and anyone who has to deal with the public. Perhaps if we all practiced a little more empathy, the world would be a better place!1 of 1 people found the following review helpful. and how developing emotional intelligence can improve our life for the better. This is a great mortivational book it helps ...By amrapaliEmotional intelligence (EI) or emotional quotient (EQ) is the capability of individuals to recognize their own, and other people's emotions, to discriminate between different feelings and label them appropriately, to use emotional information to guide thinking and behavior, and to manage and/or adjust emotions to adapt environments. In this book, the author has given guidelines for readers to learn How to overcome feelings of anxiety in social situations by understanding the concepts of emotional intelligence, The importance of understanding emotions and how it can improve we relationships, and also How to develop emotional intelligence, and how developing emotional intelligence can improve our life for the better.This is a great mortivational book it helps us instantly improve our relationships by understanding what emotional intelligence is and how we can incorporate its tenets into our everyday life. Great read.1 of 1 people found the following review helpful. Practical and helpfulBy ReadeRThis book was useful and well-written, and I recommend it to anyone that wants to know more about the way that emotional intelligence works in both yourself and other people. This book is one of the best ways to make sure that you know plenty about how your emotional intelligence works and how you can use it to improve your relationship with other people.

Build Better Relationships Without Overanalyzing How To Do So!
